# A guide to our EuroKids Extra Curricular Activity Programme

## Mondays

### EuroKids Athletics

**Mondays 15.00-16.00 (PP & P1)**

**Spoken Languages:**  

**Location:** Modular Sports Room **Cost:** 10 Eur per lesson

EuroKids Athletics is intended to bring excitement into doing athletics. Events and the organization of the training will enable children to discover basic activities and develop skills. There will be running, jumping, throwing (in just about any place you can think of), sprinting, long jump and multi-event endurance all regardless of the weather.

In the early stages of 'Long Term Athlete Development' (5-12 years) we aim to use general training to target generic athletic development by deliberately focusing on play and enjoyment. These fundamental athletic principles are the basis for preparation across all sports and disciplines hence the need for their introduction at a young age.

Every training session is tailored, varied and highly structured following a lesson plan and annual plan led by professional trainers educated to the highest coaching level with 20 years of teaching experience. Your child's safety and happiness are our priority. We are looking forward to coaching and entertaining your child!

Janka Misikova & Rado Misik - Athletics Coaches

### Art Club

**Mondays 15.00-16.00 (PP & P1)**

**Spoken Languages:**    

**Location:** Modular Building - Classroom **Cost:** 15 Eur per lesson

I would like to promote painting in all facets, formats and techniques. We are working with stretched canvas, paper of all formats, wood or found objects from nature. I will introduce known artists (especially in reference to current exhibitions). We develop themes together while I introduce the techniques beforehand. Drawing materials are part of the equipment and are often used for ideas depending on the interests of the child. Portrait drawings as well as still lifes are part of the course. We will have a small end of school year exhibition at our premises. I am looking forward to the imagination of the children.

Die eigenen Fähigkeiten wecken und die Hände als Werkzeug nutzen, möchte ich fördern. Malerei in allen Facetten, Formaten und Techniken sind das Ziel des Kunstkurses. Wir beschäftigen uns mit Pinsel und Farbe. Arbeiten auf Leinwänden, Papier aller Formate, Holz oder Fundstücken aus der Natur. Sie lernen bekannte Künstler kennen (speziell auch in Anlehnung an aktuelle Ausstellungen). Themen erarbeiten wir uns gemeinsam während ich die Techniken vorher einführe und ausprobieren lasse. Zeichenmaterial gehören zur Ausstattung und werden je nach Interesse des Kindes gerne für Ideenskizzen genutzt. Portraitszeichnungen als auch Stilleben sind Bestandteil des Kurses. Wir werden am Ende des Schuljahres eine kleine Ausstellung der Arbeiten Ihrer Kinder zeigen. Ich freue mich auf die Fantasie der Kinder.

La peinture sous toutes ses facettes, formes et techniques est le but du cours d'art. Nous nous protégeons avec le pinceau et la peinture. Travaille sur des toiles, du papier de tous formats, du bois ou des trouvailles de la nature. Ils font la connaissance d'artistes célèbres (également en activité dans les expositions en cours). Thèmes le travail du monde du monde du chemin. Matériel de caractère pour l'équipement et sont utilisés dans l'intérêt de l'enfant pour des croquis d'idée. Les portraits et les natures mortes font partie du cours. À la fin de l'année scolaire, nous montrerons une petite exposition des œuvres de vos enfants. J'attends avec impatience l'imagination des enfants.

This Club will be run by Biggi Maart, a qualified teacher and much loved member of the afterschool team for the past 10 years.

## German (Beginner)

**Mondays 15.00-16.00 (PP) & 16.00-17.00 (PP&P1)**

**Spoken Languages:**  

**Location:** Modular Building – Class Room **Cost:** 12 Eur per lesson

During German lessons your child will learn German (vocabulary, grammar and cultural background) through playful activities. Singing, playing, interactive German tasks, picture dictionaries and stories as well as a workbook will help your child to learn the “new language” fast.

The encounter with the language will take place in a social context and will be enhanced by particular project contents. I am very much looking forward to work with your child!

This class will be taught by Ms von Thurenhout who is a qualified teacher and has taught children languages in the Extra Curricular programme for some years. **The course price will vary, dependent on the amount of students. In the case the lesson costs more than 12 Eur parents will be contacted for a final confirmation.**

## Italian

**Mondays 15.00-16.00 (PP & P1) Intermediate & 16.00-17.00 (PP & P1) Beginner (non native)**

**Spoken Languages:**   

**Location:** Modular Building - Class Room **Cost:** 12 Eur per lesson

Children will learn and practice the Italian language in a gradual and systematic way. To give liveliness and variety to the learning process, the course will alternate poetry and stories, descriptions and dialogues and songs and games. Children will learn about geography and our relationship with the natural environment and be offered an insight into culture to be able to appreciate the beauty of the Italian language, traditions and heritage.

Children	Cost
2	36 Eur
3	24 Eur
4	20 Eur
5	15 Eur
6 +	12 Eur

This activity will be taught by Ms Tirelli who has many years teaching experience in Italy and Germany. She has extensive knowledge of school curriculum frameworks and most importantly knows how to have fun with the children.

**The course price will vary, dependent on the amount of students. In the case the lesson costs more than 12Eur parents will be contacted for a final confirmation.**

## Portuguese (Beginner)

**Mondays 15.00-16.00 (PP & P1)**

**Spoken Languages:**   

**Location:** Modular Building - Class Room **Cost:** 12 Eur per lesson

Die Schüler lernen die portugiesische Sprache anhand von Spielen, Liedern und traditionellen portugiesischen Tänzen. Der Wortschatz wird hauptsächlich durch visuelles Material beigebracht: Karten mit Bildern, Fotos, Memory- und Wörteraufbauspiele.

Wir sehen Animationsfilme in portugiesischer Sprache. Wir zeichnen, malen und basteln, lernen traditionale Reimen und Versen, besprechen und vorbereiten die Jahreszeiten und wichtige Feste und Tage im Jahr, usw.

Ziel: Innerhalb des Schuljahres werden die Kinder in der Lage sein, kleine Dialoge zu verstehen und zu führen.

This course will be taught by Ms Laco, experienced ESF Teacher. **The course price will vary, dependent on the amount of students. In the case the lesson costs more than 12 Eur parents will be contacted for a final confirmation.**

## Theatre

**Mondays 15.00-16.00 (PP) & 16.00-17.00 (PP & P1)**

**Spoken Languages:**  

**Location:** Modular Building – Canteen (PP) & Sports Room (PP&P1) **Cost:** 10 Eur per lesson

**15.00-16.00 (PP) Beginners 1**

Acting for children means PLAY - FUN - MOVEMENT. So they start having fun by playing special theatre games for self-awareness, self confidence and emotional development. They learn to watch, to see precisely, they imitate, they mirror, react, go on. They improvise all together, look for movement, expression, language and rhythm. They do all this together, be it two of them, or even three in a group, or four, or they are all together and form an ocean of fishes, flow as a dancing cloud, play hiding tigers, or grow as one single tree. And naturally there are stories, which have to be told and performed. They open up for the books: „Close your eyes, little tiger!“ Go on a discovery voyage of „Hello, dear world!“ And accompany the mole through the snowy winter landscape. And of course we will perform.

## 16.00-17.00 (PP & P1) Beginners 2

Acting for children means PLAY - FUN - MOVEMENT. So they start having fun by playing special theatre games for self-awareness, self-confidence and emotion. They learn to watch, to see precisely, they imitate, they mirror, react, go on. They improvise all together, look for movement, expression, language and rhythm. They do all this in a group of two, three or four, or all together. As little rabbits they hide in their earthholes, they sneak as the hungry weasels, become a growing plant and a careful gardener. And naturally there are stories, which have to be told and performed like: „He Duda“. The story about a rabbit, who does not know his identity. And „Jans Pflanze“, a story about a little boy, who finds a plant and brings her to bloom. And of course we will perform.

### Football

**Mondays 16.00-17.00 (PP)**

**Spoken Languages:**  

**Location:** School Sports Hall **Cost:** 8 Eur per lesson

In our football course, the most important thing for us is to have fun! In age-specific small groups, a warm-up game is performed at the beginning. Afterwards, the children should get a first feel for playing with the ball. Among other things, the children learn passing, dribbling and ball control. Age-appropriate tasks that need to be mastered are taught and promoted purposefully. We lay a lot of focus on children's natural urges and needs in movement and play.

Through small games in teams, children will also recognize the importance of team spirit and fair play in addition to sporting skills. We look forward to discovering the joy of exercise and especially football with your child.

**Important:** Please ensure your child comes with appropriate sportswear, indoor shoes with light soles and a water bottle.

This course is run by Family Fischer who have been providing sporting clubs taking place afterschool for the past 10 years.

# Taekwondo

**Tuesdays 15.00-16.00 (PP & P1)**

**Spoken Languages:**  

**Location:** Modular Building - Sports Room **Cost:** 10 Eur per lesson

Taekwondo is a Korean martial arts and stands for Foot (Tae), Fist (Kwon) and Spiritual Path (Do). Taekwondo techniques are designed for speed and dynamics, not least because of the competition. In taekwondo, foot techniques dominate more clearly than in comparable martial arts.

EuroKids trainer Mohamed Ebnoutalib was a regular member of the German Taekwondo national team for many years. During his competition days, he won many medals in world ranking tournaments, as well as European and World Championships. Included among his greatest achievements are the Vice World Champion title 2003 in Garmisch-Partenkirchen and the Vice European Champion title in Riga. His diligence and commitment in training and his sensitivity to the strengths and weaknesses of each of his students make him an exceptional trainer.

# Coding & Robotics

**Mondays 15.00-16.00 (P1) & 16.00-17.00 (P1)**

**Spoken Languages:**  

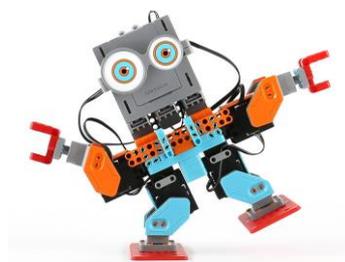

**Location:** Modular Building Classroom **Cost:** 12 Eur per lesson

In the Digitaltutor Coding Club, we learn to playfully program, build robots, design digitally and master funny challenges. How can we improve the future and our school? Out of this question, the students start a project. Based on a concrete problem, we playfully get to know the entire product cycle in order to come up with a solution. Within the project team, each child finds its fitting role: as a creative conceper and designer, as a logician and coder, or as a communicator and manager, depending on favor and talent.

With this innovative education offer, we focus on skills for the future and at the same time we guide the children to find a healthier use of digital media. For a future in which the minds of tomorrow master the digitization, and none in which digitization dominates our children.

The digital tutoring Coding Club runs throughout the year and is limited to a maximum of 12 children. This Club is organized by Digitaltutor e.V., a local charity from Frankfurt am Main.

**Thursdays 13.00-14.00 (PP) & 14.00-15.00 (P1)**

**Spoken Languages:**  

**Location:** Modular Building - Sports Room **Cost:** 12 Eur per lesson

Professional dance training by qualified and experienced teachers. The methodically structured instruction offers the children a steady technical growth in their dance education.

In our ballet school, the Russian-academic style of ballet is performed according to the method of A.J. Vaganova already taught for children upwards 3 years. The child-friendly instruction in the children's classes serves the purpose of promoting creativity in children in order to contribute to the development of little independent artistic personalities and gradually introduces them to the demanding ballet training.

These lessons are with a view towards progression into our ballet academy intensified lessons (coming soon), which open the way for the children into a possible later professional dance education and prepare them specifically.

More information on instructors and the school can be found under –

**Location:** Modular Building - Classroom **Cost:** 14 Eur per lesson

Hier kannst du in einem 3- bis 4-wöchigen Wechsel unterschiedliche Techniken und Materialien ausprobieren und näher kennenlernen. Mit allen Sinnen nähern wir uns dem Material und dessen Möglichkeiten. Dabei ist Deine eigene Kreativität gefragt! Hast du Lust dreidimensionale Objekte zu basteln und zu gestalten? Dann komm in die Kreativwerkstatt. Dort kannst du auf Entdeckungs- und Experimentierreise gehen und mit verschiedenen Materialien, wie Holz, Ton und Papier fantasievolle Sachen herstellen. Ertasten, drücken, formen, falten, kleben, sägen, hämmern, schleifen. Unsere Motorik wird geschult, das Sehen geschärft und das alles mit jeder Menge Spaß.

This Club will be run in German by Mrs Kaplan, Art Therapist, though Ms Kaplan is also a fluent English speaker. More information on Mrs Kaplan can be found under- <https://www.kaplan-heisst-der-tiger.de/>

## Individual Piano lessons

**Fridays 13.00-15.00 (PP & P1) - 30 Minute Individual Lessons**

**Spoken Languages:**   

**Location:** Modular Building **Cost:** 30 Eur per lesson

Ms Stareychinska is offering individual piano lessons on a 1:1 basis and every week in term time. These lessons are taught on an e-piano, run for 30 minutes and cost 30 € per lesson. Lessons are not charged if they do not take place or during Holidays.

Ms Stareychinska is an accomplished Harpist with many years of teaching experience with children. Should we receive enough interest for Harp lessons we could also consider offering these. More information on Ms Stareychinska can be found under - <https://miro-harp.com/ueber/>

## Recorder Lessons

**Fridays 13.00-15.00 (PP – P1) – 30 Minute Individual Lessons**

**Spoken Languages:**  

**Location:** EuroKids Music Room **Cost:** 30 Eur per lesson

Recorder is a wonderful instrument for children that can bring joy for a lifetime. It is an instrument in its own right with an extensive intermediate and advanced repertoire. It can also serve as a first experience that provides a good transition to another instrument. The children love to play everything from medieval to modern music and especially enjoy playing melodies and songs they already know from favorite bands, movies or musicals. This course comprises individual 30 minute lessons for students and will be run in German or English by Ms Walderdorff who is a trained Montessori teacher and cherished long term member of the extra curricular team.

Croatian Language is an afternoon activity for students who have the basics of Croatian though wish to improve and learn more.

During the classes students will practice writing and reading, but the main focus will be on conversation, learning new vocabulary, getting an introduction with Croatian grammar, habits and culture. The easiest and most interesting way to learn all of this is through games, by solving small tasks, exploring, singing and drawing. The lessons will be held playfully but still according to a well thought-out and organized curriculum.

This class will be held in Croatian by Ms Basic, Croatian teacher at the ESF.

**The course price will vary, dependent on the amount of students. In the case the lesson costs more than 12 Eur parents will be contacted for a final confirmation.**

# Extra Curricular Activities

At EuroKids, the school day doesn't end with the last class. Our Extra Curricular Programme provides students with opportunities to spend time in a relaxed environment, learning new skills beyond the classroom. It also gives students the opportunity to work and build friendships with students from different sections and grades.

New Extra Curricular activities start in the 2<sup>nd</sup> week back to school after the summer break and are offered over all 3 Trimesters throughout the year. The Extra Curricular Activity Programme is a service at EuroKids that provides children an opportunity to pursue other activities afterschool in their school setting.

## Locations:

**Times:** Mondays-Wednesdays 15.00- 17.00, Thursdays & Fridays 13.00-17.00

**Pick up:** Pick up takes place from the **modular building**, directly from the activity location or from childminding services for those children registered for childminding.

**Activities:** Most activities are run for a full hour, with a few exceptions. The first activities begin directly afterschool, with further activities beginning on the hour. The children who are registered for activities will be directed where to go by a member of our Team and then by their Activity Leaders. Children in later activities are normally registered for childminding services and directed to the club by their childminders.

**Costs:** Detailed costs for all activities are listed on our website under [www.eurokids.gmbh](http://www.eurokids.gmbh)

**Trial:** After the summer holidays, students have the opportunity to try different activities from our Extra Curricular Programme. Trials can be made by completing a registration (see below). If you do not wish your child to continue with an activity, after a 2 week trial, please contact [office@eurokids.gmbh](mailto:office@eurokids.gmbh) to ensure that your registration is cancelled. This will incur a 20Eur cancellation fee. In the case your child is happy with their activity, registrations will automatically run for each trimester until cancelled.

We have a limited amount of places available for our activities and if you do not get a place for your child upon registration we will ensure your child joins the waiting list and contact you as soon as a space becomes available.

## What are Extra Curricular Activities?

Extra Curricular Activities are activities which take place after school such as football, ballet etc...

## How can I register for Extra Curricular Activities?

These can be applied for online under [www.eurokids.gmbh](http://www.eurokids.gmbh)

Parents must be a member of the European School Frankfurt Parents' association to apply for Extra Curricular Activities.

## Can my child try out activities mid year or mid trimester?

Yes, for a trial day at any time please apply online. All trials of activities are subject to space being available. Due to the high number of applications throughout the year, applications should be made at least 1 week in advance of the preferred trial date. If children do not wish to continue with a club after a trial of 2 weeks out term should be informed via [office@eurokids.gmbh](mailto:office@eurokids.gmbh) This will incur a 20Eur administration charge.

## How long does the extra-curricular contract last and when and how can I terminate it?

After a 2 week trial period, the contract then lasts for one school trimester and will automatically be extended for another trimester if not terminated by sending a mail to [office@eurokids.gmbh](mailto:office@eurokids.gmbh). **The contract will also extend into the next school year e.g. Trimester 3 into Trimester 1 if this is not cancelled prior to the end of the 3<sup>rd</sup> trimester.**

During the 2 week trial period, the contract can be cancelled any time.

## To make changes or cancel activities -

1. Send an e-mail, detailing the changes you wish to make, at least 1 week prior to the last school day at the end of each trimester to-

[office@eurokids.gmbh](mailto:office@eurokids.gmbh)

2. Await Confirmation mail
3. Changes take effect from the beginning of each new trimester (excluding initial trial period)

**If you wish to make reductions or changes to EuroKids Services for your child, these can be made up to 1 week prior to the end of each School Trimester and take effect from the following trimester.**

Applications can be made at any point, dependent on availability (see below).

More details can be found in our terms & conditions.

## How do I pay for Extra Curricular Activities?

Activities are booked at the end of each school trimester, after the activities have taken place. Parents will receive a SEPA notification mail detailing costs which will be debited from the account which was provided in your Parent Association membership application.

### **Who do I contact regarding invoices and financial bookings?**

Please contact our team at [office@eurokids.gmbh](mailto:office@eurokids.gmbh), we would be pleased to help you.

### **Are there times when activities do not take place?**

No activities take place on days when the ESF school is closed, the last day before the Summer and Winter breaks and the first week of school after the Summer Break. We try to avoid cancellations (due to teacher illness etc..) during term time wherever possible, through provision of alternative teachers, though in the case this is not possible, childminding services are provided.

### **Will I still be charged if a certain activity does not take place?**

No, activities are calculated on the number of weeks they take place and booked from parents accounts at the end of each trimester. Childminding services are provided for children in the unlikely event of activities not taking place.

### **What happens if I am late picking up my child?**

After an activity has ended, those children not collected by parents are brought back to childminding. For parents of children not registered with childminding, additional costs will be charged if parents are late.

### **Do I have to do anything if I receive a mail that my child is on an activity waiting list?**

No. Our team will contact you as soon as a place becomes available in your child's chosen activity. If the group remains fully booked and we receive enough interest for an activity we may contact you with the opportunity to join a new activity group at a different time.

### **Why are Sports Activities not taking place earlier, directly after school?**

Space is limited and EuroKids is very fortunate that the ESF kindly offers its sports facilities for EuroKids Extra Curricular Activities after 16.00. Prior to this time the sports hall is being used for regular school sports lessons for secondary students. On Tuesdays the Sports hall is used for EuroSports more information can be found here -

We have introduced new terms and conditions to ensure that Extra Curricular Activities can continue to function in the best way possible. These will be available online shortly along with registrations.
